

RAILROADS COST U. S. \$1,129,000,000

Big Reduction Made in Appropriation in House.

WASHINGTON, April 20.—Total loss to the government growing out of federal control of the railroads was estimated today by the house appropriations committee at \$1,129,000,000. This includes the \$125,000,000 estimated as guarantee to the roads under the terms of the transportation act.

Reduction of \$30,000,000 in the \$125,000,000 asked by the railroads to wind up its affairs was made by the house appropriations committee.

The new appropriation would bring the total of funds granted the railroad administration to \$1,250,000,000.

Completing the emergency deficiency appropriation bill, the committee proposed a flat appropriation of \$300,000,000 for the administration and recommended that the treasury department be authorized to purchase \$500,000 worth of Liberty bonds held by the administration.

New Order Seeks Removal Of Hill

TOPEKA, Kan., April 20.—Attorneys for Robert L. Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 512 Washington St., Monroeville, Illinois.

Colbert J. Shoults, a well-known member of the Memphis fire department, and attached to fire station No. 5, said a few days ago:

"I was gassed in France while in the army, and my health had not been good since until I started taking Pomeroy's Puratone, which now just fine. My stomach was giving me a lot of trouble, and I was very nervous. I had headache almost constantly and was troubled a good deal by constipation. I was bilious almost all the time, had severe dizzy spells and couldn't eat a square meal without suffering afterward with indigestion. All this trouble started after I was gassed."

"But, now after taking Puratone, I feel perfectly well once more. Have a good appetite and eat anything I want without any bad after effects. The headaches, dizzy spells, and another of the sensations have been overcome and I am no longer constipated. My liver is in first shape and I have a good color and never have had that taste in my mouth now. I'm hungry all the time and I certainly do enjoy the privilege of eating just anything I want. I have much more life and energy now. Pomeroy's Puratone certainly did put an end to my troubles, and I am recommending it to all my friends."

Puratone is sold in Memphis by the Warnock Drug Co. It is also sold by one leading druggist in every town.

MEMPHIS MAN NOW TESTIFIES TO ITS LASTING RESULTS

John Galloway Says Tanlac Relieved His Indigestion On Taking It Four Years Ago.

Although it has been four years now since John R. Galloway, 234 South Driver street, Memphis, realized the remarkable reconstructive powers of Tanlac, like thousands of others who have used the medicine with the same wonderful results, he still finds pleasure in telling the people about it. While discussing the merits of Tanlac, a few days ago, Mr. Galloway said:

HE HAD SUFFERED FOR TWENTY YEARS

Gained 22 Pounds and Has Never Been Troubled With Indigestion Since. Still Well and Strong As Ever.

"I was not only unable to digest my food properly, but had suffered from constipation for years. I was continually losing weight and felt all run-down, tired and worn-out all the time. When Tanlac first came to Memphis, to the best of my recollection, about four years ago, and so many people got to praising it I fell in line for my share of the benefits. Well, the results were that in less than three months' time, after I began taking Tanlac, my weight picked up from one hundred and sixty-three pounds to one hundred and eighty-five and I was feeling like a brand new man. I have not been troubled with indigestion, constipation, or that run-down feeling to this good day and still retain my wonderful increase in weight and strength. Since Tanlac set me right I have told others as much as I can about it and am glad to make this statement for what it may be worth to others who are trying to find the right medicine for their troubles."

Tanlac is sold in Memphis by the following agents: Warnock Drug company, White Pharmacy, Doyle-Turley Drug company, A. Renkert & Co. (2 stores), L. H. Kilpatrick, Washington & Purdy, Moore's Pharmacy, Taylor & Taylor (3 stores), Washburn-Lyle Drug company, C. O. Manning and Butler's Pharmacy.
